July 8, 2013

**ISO 9001:2008 Certification Earned By Uniti Titanium**

(Pittsburgh PA) SRI Quality System Registrar is pleased to announce that it has recently awarded an ISO 9001:2008 Management System certificate to Uniti Titanium, located in Moon Township, Pennsylvania, for the sales and supply of a wide range of titanium mill products for use in industrial applications.

According to A. Joseph Falcsik, SRI's Vice President, Certification: "We are pleased to acknowledge that Uniti Titanium has demonstrated effective implementation of a management system. ISO 9000 certification provides evidence to customers, suppliers, employees, and the community of their commitment to supplying a quality product and providing customer satisfaction."

ISO 9001:2008 is process-based; certification recognizes organizations that can link business objectives with operating effectiveness. Companies that achieve management system certification to ISO 9001:2008 have demonstrated effective implementation of documentation and records management, top management's commitment to their customers, establishment of clear policy, good planning and implementation, good resource management, efficient process control, measurement and analysis. Continual improvement has been institutionalized.

*SRI Quality System Registrar is an internationally accredited registrar for management systems standards, such as ISO 9001, AS9100, ISO/TS 16949, ISO 13485, and environmental management systems standards such as ISO 14001. SRI also provides public training for auditing, implementing, and maintaining these standards.*
